

RQ Worker

Einleitung

The screenshot shows the RQ Worker web interface. On the left is a sidebar with navigation links: 'Filtern nach', 'Zugewiesen zu', 'Erstellt von', 'Filter bearbeiten', 'Schlagworte', 'Schlagworte anzeigen', and 'Filter speichern'. The main area displays a table of jobs. The table has columns for 'ID', 'Status', 'Queue Type', 'Successful Job Count', 'Failed Job Count', and 'Zuletzt aktualisiert am'. Three jobs are listed with IDs 1595, 1597, and 1596, all in 'idle' status. The 'Queue Type' for these jobs are 'default', 'long', and 'short' respectively. The 'Successful Job Count' for these jobs are 4595, 103, and 475 respectively. The 'Failed Job Count' for these jobs is 0. The 'Zuletzt aktualisiert am' column shows the last update time for each job: 1m, 2m, and 1m. The interface also includes a search bar at the top right and a 'Listenansicht' button.

ID	Status	Queue Type	Successful Job Count	Failed Job Count	Zuletzt aktualisiert am
ID					
ID	idle	default	4595	0	1m
ID	idle	long	103	0	2m
ID	idle	short	475	0	1m
